**How do Private lessons work?**

Private lessons are tailored to the individual swimmer, our instructors will spend time working on what you want to accomplish! Once this form is completed, turn in this paper to the membership desk. The Aquatics Coordinator will then find a swim instructor to contact you. Please allow us time to find an instructor. Once an instructor is found, they will contact you to set up the very first swim lesson, from there you and the instructor will work together to find dates and times that work best for you. We look forward to seeing you in the pool!

**\*\*\*NOTICE**

**Due to a minimal amount of available swim instructors we cannot promise a start date at the moment.**

**In signing this form, I understand that:**

- No-shows or cancellation received less than (8) hours before scheduled lesson will be charged to the client.
- No refunds will be given for missed/ unused private lessons.
- Once started, lessons must be completed within 6 months of the start date.
- The participant(s) are expected to be punctual and understand that the instructor may have appointments immediately preceding or following their appointments. The instructor is not obligated to stay past the allotted time scheduled for the appointment.
- All individuals, including family members staying to watch the lesson must check-in at the front desk. Private lessons do not act as a day pass for siblings or other family members to use the pool. Those without memberships that wish to use the facility before, after or during the lesson must purchase a day pass.
